Portfolio

Have a look at my portfolio to get a better idea of what I do :

www.alvina-dr.com

Languages :

French : Native

English : Proficient

Spanish : Academic

Hobbies :

Reading : My favorite authors are Bernard Werber, Stephen King and Rick Riordan.

Video game : I particulary enjoy narrative video games such as Life Is Strange, Disco Elysium or Detroit Become Human.

Sport : I played basket ball for 7 years and now play volley ball, badminton and ultimate.

Gameplay Programmer

I love learning and am curious about everything. To me, programming is like a game (I've always loved a good puzzle) and figuring out logic problems is an everyday hobby of mine. Video game is the media where I have the most fun creating stuff and where teamwork brings me the most satisfaction.

Driving licence

Professional experiences

TavroxGames   **2022-23 | 1 year**
- *Apprenticeship* as a *junior gameplay programmer*. Work on *Creeping Deck : Pharaoh's Curse* and on an unannounced prototype.
